SUTAB TABLETS COLONOSCOPY INSTRUCTIONS

APPOINTMENT DATE: _____ **APPROXIMATE START TIME:** _____

Location and Check-In:

The GI lab is located at 259 E. Erie, Suite 1600, Chicago, IL 60611, Lavin Pavilion. Take the elevators to the 16th floor. **Check in for your procedure at least 60 minutes before your approximate start time. Expect to stay in the GI lab for at least three hours.**

Parking:

Northwestern Memorial's main parking structure is located at the Huron/Saint Clair parking garage, 222 East Huron Street (Parking Garage A). Additional parking is available at 259 East Erie Street, Lavin Pavilion (Parking Garage C) and can be accessed via Ontario Street and 321 East Erie Street (Erie/Ontario Parking Garage D). **Be sure to bring your parking ticket with you to be validated.**

Colonoscopy:

Colonoscopy is an examination that enables Dr. Kamel to view the lining of the rectum and colon. A colonoscope is a thin flexible tube with a tiny video camera on the end. Complications with colonoscopy are very uncommon. One possible complication of polyp removal is severe bleeding. A tear in the lining of the colon may occur. Both of these complications may require hospitalization and, possibly, surgery. Please discuss possible complications with Dr. Kamel.

Preparing for Colonoscopy:

Inform Dr. Kamel if you have an **ICD (implantable cardioverter defibrillator)** and if you are on any of the following medications: **blood thinners (i.e. Coumadin (warfarin), Plavix, Pradaxa, Xarelto, Eliquis, Savaysa, Bevyxxa, Lixiana), insulin or oral diabetes medications approximately one week prior to your scheduled procedure.** The dosage of these medications will need to be adjusted or discontinued. Your other medications can be continued. On the day of your colonoscopy, take all of your routine medications with sips of water. Tylenol or acetaminophen is perfectly safe to take prior to your colonoscopy.

Complete the GI Lab Patient Questionnaire and GI Laboratory At-Home Medication List forms

and bring them with you to the GI Lab on the day of your colonoscopy.

Diet: Seven days prior to your colonoscopy, stop eating all seeds, nuts and corn.

Clear Liquid Diet: *The following diet should be taken for the entire day before--not just 24 hours prior to your exam--and continued up to 2 hours prior to your colonoscopy:* water, coffee/tea (a small amount of cream or milk is allowed), soft drinks, clear fruit juices (such as white cranberry juice, white grape juice, apple and lemonade), Jello® (with no solid fruit in it, popsicles, broth or bouillon. No red or purple.

DO NOT EAT OR DRINK ANYTHING DURING THE 2 HOURS PRIOR TO YOUR COLONOSCOPY.

Taking the SUTAB TABLETS Solution Starting Day Before Colonoscopy:

- Complete Steps 1-4 using (1) 12 tablet bottle starting in the late afternoon.
- The SUTAB TABLETS solution will cause diarrhea for at least 3 to 4 hours.
- You may continue drinking clear liquids until you go to bed.
- You should wait approx. 2 minutes after taking each tablet before taking the next one.

259 East Erie Street, Suite 1600
Chicago, Illinois 60611
Fax: 312.573.9636
312.573.9626

4:00pm-5:00pm The evening before your procedure:

DOSE 1—On the Day Prior to Colonoscopy

Take the tablets with water

STEP 1 Open 1 bottle of 12 tablets.

STEP 2 Fill the provided container with 16 ounces of water (up to the fill line). Swallow each tablet with a sip of water, and drink the entire amount of water over 15 to 20 minutes.

Tablets not shown actual size.

IMPORTANT: If you experience preparation-related symptoms (for example, nausea, bloating, or cramping), pause or slow the rate of drinking the additional water until your symptoms diminish.

Drink additional water

STEP 3 Approximately 1 hour after the last tablet is ingested, fill the provided container again with 16 ounces of water (up to the fill line), and drink the entire amount over 30 minutes.

STEP 4 Approximately 30 minutes after finishing the second container of water, fill the provided container with 16 ounces of water (up to the fill line), and drink the entire amount over 30 minutes.

Approximately 5 hours before your procedure:

DOSE 2—Day of the Colonoscopy

- Continue to consume only clear liquids until after the colonoscopy.
- The morning of colonoscopy (**5 Hours**) prior to the colonoscopy and no sooner than 4 hours from starting Dose 1), open the second bottle of 12 tablets.
- Repeat STEP 1 to STEP 4 from Dose 1.

Tablets not shown actual size.

IMPORTANT: You must complete all SUTAB tablets and required water at least 2 hours before Colonoscopy.

Day of the Colonoscopy: —

Repeat and Complete Steps 1-4 using (1) 12 tablet bottle starting in the late afternoon. 5 Hours before your procedure.

Be sure to complete ALL 4 Steps on this dose.

Once you are finished with the 2nd dose of the prep, NOTHING BY MOUTH during the 2 hours prior to the procedure.

If you cannot tolerate the SUTAB TABLETS, or if you are not passing clear yellow liquid after completing the SUTAB TABLETS, call Dr. Kamel's office at 312.573.2457, or his answering service after hours at 312.649.2952, to speak to Dr. Kamel.

During Colonoscopy:

Dr. Kamel will explain the examination and answer any questions you may have. You will be given pain and sedative medications through an IV to keep you comfortable. The colonoscope will be inserted into your rectum and gently advanced through the colon. The colonoscopy procedure usually lasts 30 minutes and is well tolerated. Any discomfort that takes place usually comes as a bloating feeling when the physician adds air into the colon to expand the folds of the colonic tissue for easier viewing, or a cramping feeling when the colonoscope is advanced around the curves of the large intestine.

Perry L. Kamel, M.D.
259 East Erie Street, Suite 1600
Chicago, Illinois 60611
Fax: 312.573.9636
312.573.9626

After the Colonoscopy:

You will be monitored after the procedure in the recovery area for a minimum of 1 hour. Dr. Kamel will discuss your test results with you. Biopsy results take several days to return, and Dr. Kamel will discuss them with you by telephone.

IMPORTANT INFORMATION FROM NORTHWESTERN HOSPITAL

Please plan to be in our department for 3 to 3-1/2 hours starting at your arrival time (not procedure time). For your own safety post-sedation, you will need a ride home from a responsible adult. Please make transportation arrangements for a responsible adult to pick you up and accompany you back to your home once discharged. You cannot take a Taxi, Rideshare (Uber, Lyft, etc.) or public transportation by yourself. Your procedure will be canceled if we cannot get in contact with your ride during admitting processes. Please be sure your ride is prepared to answer our phone call. Your ride will receive an additional call 1 hour prior to your estimated discharge time. Please ensure your ride anticipates receiving this call around 2 to 2-1/2 hours after arrival time. Your ride must present to our department to pick you up. Our staff is not able to escort you to the lobby or parking garage to meet your ride.

If you do not have an adult to accompany you home, you can arrange a ride home with **Illinois Medi Car through Superior Ambulance Company** by calling **312.926.5988**. (Contact them for pricing.) Payment will be required at the time of service. Hours of Operation are Monday through Friday 7 a.m. to 7 p.m. Arrangements should be made as soon as possible before the day of your procedure to assure that a Medi Car is available on the day of your procedure. At times, Illinois Medi Car will take two patients home at the same time with the same Medi Car, however, this does not happen frequently.

• **Service area:**

- North – 5600 Bryn Mawr Avenue
- West – 2400 Western Avenue
- South – 47th Street

If you have made Illinois Medi Car arrangements for your discharge home, please inform the GI Lab staff on the day of your procedure.

You may do light activity for the remainder of the day. It is important for you to recognize signs and symptoms that should be reported to your physician, which are: severe abdominal pain, fever (above 100.5°), chills or severe rectal bleeding. Some scant bleeding may occur. Please be aware you will receive written discharge instructions before leaving the GI Lab.

You can speak to Dr. Kamel if you have any questions or concerns after returning home, either at the office 312.573.2457, or after hours at 312.649.2952.

Info Regarding Canceling Your Appointment:

Please be advised that if you cancel your procedure through the NM MyChart App, please contact the office as well that you canceled your procedure, otherwise we will not be aware of it. You can contact our office by calling (312)573-9626, or by e-mail: pkamelmdoffice@ameritech.net, or through our Patient Portal.

GI LAB PATIENT QUESTIONNAIRE

Refer to Reminder below before completing this form. Thank you for choosing Northwestern Memorial Hospital for your GI Lab procedure. **Please fill out this form and bring it with you the day of the procedure.** Please answer each question. This allows us to provide you with the best possible care.
(Please print)

Patient Name _____ Date of Birth _____ Date of Procedure _____

Name of Primary Care Physician _____ Fax Number _____

Address _____ Phone Number _____

Procedure and Related Information: * Procedure normally requires sedation

FINANCIAL POLICY

Your insurance statement consists of two parts--a patient portion and an insurance portion. When an insurance company is responsible for medical services, you are responsible only for the patient portion. However, when an insurance carrier delays, or withholds payment, both the insurance and the patient portion become your responsibility.

In the absence of insurance carrier payment, our office policy is to bill your credit card for payment in full. We will do our best to work with all insurance carriers.

When your account has gone beyond a 90-day limit, it is extremely important that you speak with your insurance carrier concerning payment. If the insurance carrier eventually pays for medical services, we will refund the charges we have made on your credit card.

PERRY L. KAMEL, M.D., S.C., FINANCIAL POLICY

ILLINOIS STATE LAW requires insurance carriers to pay claims within 30 days of receipt. Insurance carriers who fail to comply with these state standards are subject to additional requirements and penalties. Many, in fact most, insurance carriers have been very slow in reimbursing physicians for medical services and are therefore not in compliance with these regulations.

Perry L. Kamel, M.D., S.C., has instituted a policy addressing unpaid charges which have been submitted to your carrier. If your account is three (3) months or more past due, it may become your responsibility to pay the remaining portion, which will appear on your patient account statement. We will contact you prior to making a charge to your personal credit card for outstanding balances beyond three months.

If your insurance company forwards payment after you have paid your balance, we will gladly credit your account.

We suggest that you monitor your personal account with us very closely and follow the balance as it ages beyond thirty days, at which time you should call your insurance company and request a "claim status report".

Keep in mind the following points when speaking with the insurance claim manager:

- Identify the date of service for the unpaid claim
- Record and retain the date that you called the insurance company
- Record and retain the name of contact with the insurance company
- Identify and correct the problem causing payment delay
- Verify that the insurance company has the appropriate billing information including:
 - Full name of insured
 - Full address of insured
 - Guarantors name of policy
 - Social security number for the guarantor
 - Correct billing address for your policy
 - Insurance policy number

Ask the claims manager when you can reasonably expect a reimbursement and correction of the problem.

Follow up periodically with the same person to ensure activity occurs on your personal account.

Please complete the credit card information sheet in order to ensure proper continuity of care within our practice. When your insurance carrier is holding or denying payment for medical services rendered, it is best if you call them directly with your concerns and questions.
